The Honorable Kay Granger
Ranking Member
House Committee on Appropriations
1036 Longworth House Office Building
Washington, D.C. 20515

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Munroe Falls Cuyahoga River Waterline Crossing project in fiscal year 2022.

The entity to receive funding for this project is the City of Munroe Falls, located at 43 Munroe Falls Avenue, Munroe Falls, Ohio 44262.

The funding would be used to install a 12-inch waterline under the Cuyahoga River to provide a redundant river crossing to ensure adequate water service remains available to the north half of the City. The current crossing was intended only as a secondary line but unfortunately is serving as the only and primary crossing. As the current line ages, breaks and failures become more likely. Without the redundant crossing the north half of the City may experience a prolonged interruption of water service while emergency repairs or replacements are being performed.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

David P. Joyce
Member of Congress
